

POLISH – BRITISH MATCHMAKING FAIR. PLASTIC SECTOR 2008

Grab your opportunity!

Trade and Investment Promotion Section of the Embassy of the Republic of Poland in cooperation with the British Plastics Federation and Tarnów Industrial Cluster is pleased to inform about and invite all interested companies to a Polish – British matchmaking seminar for plastics industry.

The seminar will take place on Friday, November 21st 2008 in the Embassy of the Republic of Poland, 47 Portland Place, London W1B 1JH. **Participation is free of charge, however a prior registration is required.**

Apart from general information presented by the Head of the Trade & Investment Promotion Section of the Embassy about business opportunities in Poland you will also have a chance to learn from the experience of British Plastics Federation and Tarnów Industrial Cluster.

The main purpose of the seminar is to provide an environment in which companies will have a chance to discuss business opportunities and share their thoughts on the perspective of cooperations. The event will facilitate such cooperation by providing companies with a selected range of business partners suitable for their own profile of operations.

Do not miss the possibility for great networking and potential business opportunities! Register and meet British and Polish companies from the chemical industry interested in starting cooperation.

In order to take part in this event you need to register using the form available for download at the bottom of the page.

Organizers of the event:

The British Plastics Federation (BPF) is the leading trade association of the UK Plastics Industry (representing approximately 80% of turnover), a springboard

for industry action, existing to exploit common opportunities and resolve shared problems.

BPF Membership (through direct membership and affiliated organizations) encompasses over 1200 companies from the plastics industry supply chain, including polymer producers, suppliers and processors in addition to additive and machinery suppliers and manufacturers.

The BPF is an authoritative, well-respected and objective source of unique information, views and commentary whose name has, as a consequence, become synonymous with plastics in the UK. Through membership plastics businesses have the only credible opportunity to discuss key issues and interact with UK and EU government to raise industry concerns and play a constructive role in the development of legislation and standards.

The Tarnów Industrial Cluster is creating opportunities for location, quick start and development of production facilities for companies willing to invest in Tarnów city and the surrounding area of southern Poland. Our promise is backed up by the strength of the local economy, coupled with a comprehensive system of incentives.

The main tasks of the company are:

- one stop shop for investors;
- technical, financial, legal and organizational advice;
- real estate administration;
- building company relations;
- “human resources” advisory;
- Providing help in promotional activities.
